Dr. Kristen Betts
Virtual Poster Gallery
Coordinator

Become a PASA Research Fellow!

The PASA Research and Development Committee has established a goal of encouraging educational leadership doctoral students from around the Commonwealth to pursue research in areas of interest to PASA members. The PASA Board of Governors unanimously approved the resolution in 2002 that the committee be authorized to name -- on an annual basis -- PASA Research Fellows. These fellow designations, renewable annually provide an efficient and economical way of highlighting the efforts of doctoral students and of encouraging on-point research efforts.

Educational leadership doctoral students may submit an application to the Research and Development Committee chair at any time to be considered for the designation of PASA Research Fellow. Go here: http://www.pasa-net.org/content.asp?contentid=167

Joyce Pittman, PhD, RD Committee Chair

"Creating and innovating Educational Research in a Digital World"

Cost: $50
Student Cost: $30

CLICK HERE for online registration. (**Note**: Online registration is not available for students. Send the registration form to PASA.)

Overnight rooms available.
(* **Click here** to learn more about the **Education Congress** (April 6-7) featuring **David Burkus** and ***The Myths of Creativity***, which lays the framework for creative leadership in public and private institutions.)

The 2016 *PASA Annual Research Symposium* will convene professionals, teams of state educational leaders, policy-makers and scholarly researchers to focus on research, professional development, progress and challenges in the State of Pennsylvania.

The goal is to provide opportune information to support developing effective transformational educators and leaders who can help close the education gaps, improve student achievement and school performance.

Outcomes

1. The **symposium** provides a unique opportunity to engage and energize all stakeholders and participants in the important work of using research to advance leadership decision-making for school change and student achievement.
2. Participants will leave with new networks, resources, tools and strategies to help achieve related goals and objectives.

Audience: Doctoral scholars and faculty, school administrators, policymakers,
