REVINT SOLUTIONS

ANALYST

As an Analyst in our Underpayment Recovery Service Line (URSL) you will become an expert in the complex reimbursement methodologies between hospitals, government, and private insurance. Your work will focus on identifying missed revenue opportunities. You will be responsible for conducting analysis, trending, and data mining on big data. In addition, you will work with managed care organizations, via phone, and writing appeal letters. You will produce and present summaries of your findings to other team members and management. This position requires strong analytical and communication skills, excellent time management skills, and the ability to be flexible with various scenarios. Candidates should excel at being a team player, have an interest in the complex healthcare industry and bring a creative and insightful point of view.

Position Qualifications:

- Undergraduate Degree (Minimum GPA of 3.0/All majors accepted)
- Strong Analytical Skills
- Creative Problem-Solving Skills
- Effective Interpersonal and Writing Skills
- Demonstrated Leadership Positions
- Team-Oriented and Flexible
- General Interest in Healthcare
- Location: Chadds Ford, PA

ABOUT US

Revint Solutions is an industry leader in revenue recovery and consulting services with over **500** employees nationwide. We offer a full revenue integrity safety net to over **1,600** healthcare organizations in the U.S. and help recover over **$475 million** of underpaid or unidentified revenue for our clients annually.

CULTURE FIT

The culture at Revint Solutions embraces those that demonstrate a deep passion for **solving the problems** of healthcare with enthusiasm for building positive working relationships and **winning as a team**. Take the work seriously, but don't take yourself too seriously. Creating a strong workplace culture has been one of our staples, which we believe encourages and inspires employees to do their best. Join a fulfilling team of like-minded individuals who can get their work done, but still **have fun**!
