Bloomberg

Presents

Bloomberg.com

Anatomy of a Web Browser

Time: 5 - 6 PM, Thursday, April 7
Location: Mitchell Auditorium in BOSSONE
Speaker: Charles Salvia

FREE FOOD will be provided!

What you can learn during the tech talk:

- the basic design of a Web Browser and how it works
- how it loads and renders web pages, and the design
- performance and security challenges inherent in browser design
- a closer look at Google Chrome
- examine the design strategies behind Blink and Apple WebKit
