Meet & Greet
LEARNING TECHNOLOGIES

FRIDAY, JANUARY 5, 2018

1:00 – 2:00 PM (EST)

LOCATION

Zoom (Virtual Event)

An access link will be provided a week prior to the event.

With the start of a new term quickly approaching us, the Learning Technologies team is planning to hold our first annual Faculty/Student Meet & Greet!

During this virtual event – current, new, and prospective students will have the opportunity to meet faculty and staff in an informal setting from the Learning Technologies program who will provide information about the field, their research & experiences, and discuss our Masters and Certificate programs.

Please join us for a chance to meet the Program Director, full-time Faculty, Adjuncts, your Advisor, and fellow students. Attendance will be a great opportunity to help you further prepare for your future profession and also allow you the opportunity to officially join the Drexel Community!
