## **ALL MEMBERS OF THE INTERNATIONAL COMMUNITY ARE WELCOME TO ATTEND!**

Moving to another country can be an adjustment, but you're not alone. There are many people in the Drexel community who are going through or have been through the same things you're experiencing. Come enjoy some food and speak with other members of the international community. This event will be held every other week — we'll have a number of fun sessions and activities to get you more comfortable with life at Drexel. It'll be a great way to learn about other people's experiences and make new friends along the way.
