DREXEL UNIVERSITY
School of
Public Health

Department of Epidemiology and Biostatistics

Wednesday October 23, 2:30 – 4:30 pm
Friends Center, 1501 Cherry St.
MLK conference room

Mini-Symposium: "Spatial analysis of alcohol outlets and health-related behaviors"

The symposium will highlight current epidemiological and biostatistical methods used when studying associations between environmental features and health-related behaviors. Presenters will discuss rigorous and systematic assessments of the ecology of violence and crime as it applies to alcohol outlets and/or alcohol consumption. Light refreshments will be served.

Dr. Christina Mair, Assistant Professor, Behavioral and Community Health Sciences, University of Pittsburgh School of Public Health

Dr. Loni Tabb, Assistant Professor of Biostatistics at Drexel University School of Public Health

Dr. Charles Branas, Professor of Epidemiology and Director of the Cartographic Modeling Laboratory, University of Pennsylvania
