Drexel Engineering Faculty Development Series 2019-2020

How do I successfully land an NSF proposal?

Friday November 15

Questions?
dr62@drexel.edu

Do's and Don'ts for contacting your program officer

- Open to junior faculty
- Our resident former NSF program directors will offer tips and answer questions about how to effectively navigate NSF.

10 a.m., Speitel Conference Room, LeBow 231

How do I put together and submit a successful NSF proposal?

- Open to all faculty
- Hear from our former NSF program directors and Chad Morris, Director, Research Development, Office of the Dean, about how to best craft and submit an NSF grant proposal.

2 p.m., Hill Conference Room, LeBow 240

Funding opportunities at NSF: Strategies and Tactics

- Open to all faculty
- Dr. Raj Mutharasan, Frank A. Fletcher Professor, Department of Chemical and Biological Engineering, will discuss how to find and track new funding opportunities within NSF and specifics related to NSF submissions, followed by a panel discussion with our former NSF program officers.

3 p.m., Hill Conference Room, LeBow 240

Thank you to our participating Drexel Engineering Faculty:

- Dr. Grace Hsuan, CAEE
- Dr. Raj Mutharasan, CBE
- Dr. Aspasia Zerva, CAEE
