

DREXEL UNIVERSITY

College of

Engineering

*Civil, Architectural and Environmental Engineering*

## Seminar Series

---

Well-regarded scholars from a variety of disciplines represented within the CAEE department will share their research with faculty, graduate and undergraduate students, and other interested parties from the College and University. Seminars will be delivered via Zoom midday every other Friday through the 2020-2021 academic year. Please contact [Grace Hsuan](#) or [Shannon Capps](#) if you would be interested in scheduling an individual or group meeting with the speaker.

### **David Prevatt**

***"Evolution of Forensic Engineering and Research in Natural Hazards: Tornadoes and Hurricanes"***

Associate Professor | Department of Civil and Coastal Engineering  
University of Florida

**11 am on October 2, 2020 | [Zoom](#)**

### **Bing Dong**

***"Occupant-Centric Buildings-to-Grid Integration for Future Smart and Connected Communities"***

Associate Professor | Mechanical and Aerospace Engineering  
Syracuse University

**11 am on October 16, 2020 | [Zoom](#)**

### **Megan Mauter**

***"Water sector electrification: System-level benefits and process-level challenges"***

Associate Professor | Civil & Environmental Engineering  
Center Fellow | Woods Institute for the Environment  
Stanford University

**Noon on October 30, 2020 | [Zoom](#)**

### **Ange-Therese Akono**

***"Novel Strategies to Recycle Concrete Using Nanotechnology and Data Science"***

Assistant Professor | Civil & Environmental and Mechanical Engineering  
Northwestern University

**Noon on November 13, 2020 | [Zoom](#)**
