Chilling Effects for Immigrant Families Around Changes to the Public Charge Rule and Experiences During the COVID Crisis

Hamutal Bernstein, PhD
Principal Research Associate

Dulce González
Research Associate

Urban Institute

Many immigrant families have suffered significant economic hardships and health impacts during the COVID-19 crisis and faced barriers to participation in safety net programs or other supports. We will share new evidence on the persistence of chilling effects during the COVID-19 crisis using recent survey data on low-income immigrant families' experiences.
