Drexel Engineering Faculty Development Series 2022-2023

# The Syllabus: Setting the Stage

Open to All Faculty!

## How can you optimize your syllabus to create the best outcomes for your students?

Join Dr. Kevin Scoles, Associate Professor in the Department of Electrical and Computer Engineering, for a brown bag lunch workshop about how to create a successful syllabus.

Dr. Scoles will present a comprehensive review of the syllabus. He will delve into its purpose, how it helps both students and faculty, as well as the overall curriculum.

Learn about the Drexel Learner-Centered Syllabus and how to adapt your syllabus for different course modalities.

Finally, get some tips on getting your students to engage with your syllabus!

**April 18, 2023**

11:30 a.m. – 12:30 p.m.

Hill Conference Room, LeBow 240

and Zoom
