Discuss the Changing Cannabis Policy Landscape in PA with Meredith Buettner, Executive Director of PCC

Sponsored by Drexel University's Medical Cannabis Research Center

As a Harrisburg insider, Meredith brings a keen understanding of Pennsylvania's political landscape and unique experience in advocacy and campaigns to the Pennsylvania Cannabis Coalition. As the Executive Director, Meredith manages all administrative aspects of the statewide industry association as well as actively contributes to cannabis policy making in Pennsylvania. She was instrumental in the passage of Act 44 – the most extensive update to the Commonwealth's medical marijuana statute since its passage in 2016. Meredith was named to City & State PA's Healthcare Power 100 for the last three years as well as Metro Philly's 2022 Cannabis Power Players List.

Meredith will be speaking on the pending bills to amend the PAMMJ program and an adult-use bill that would legalize cannabis for adults 21+ in the commonwealth.
