Drexel University Online, in conjunction with the College of Nursing and Health Professions, presents an informative and convenient way for you to learn more about the online Post-Bachelor's Certificate in Neuroscience, Learning & Online Instruction program. You'll have the opportunity to explore program components, delve into online learning at Drexel, and ask questions of faculty members and admissions counselors.

All registrants will receive a recording after the online open house, even if you are not able to attend the live event.

**PROGRAM FEATURES:**

Intended for those who seek to instruct courses in online and/or blended environments

Designed to provide an advanced understanding and application of principles of neuroanatomy, neuroscience, cognitive processing, and learning theory

Among the first programs to blend neuroscience, learning, and online instruction across multiple fields of study
