GLIDE LAB

Games and Learning in interactive Digital Environments

STUDENT SHOWCASE

Drexel University School of Education's Games and Learning in Interactive Digital Environments (GLIDE) Lab invites you to join us for our 2018 Student Showcase.

At the Showcase you will:

- Learn more about current and past research and initiatives related to the design of interactive technologies that help improve student learning and teacher preparation
- Interact with undergraduate, graduate, and doctoral students from the GLIDE Lab who will share their experiences & showcase their work done as part of projects funded by local organizations and national agencies interested in advancing research on learning and technology.
- Have the chance to learn about opportunities to work at the GLIDE Lab.

Thursday, May 31, 2018
1:00 – 3:00 pm

Drexel Recreation Center
1st Floor Walkway, 3301 Market Street
Philadelphia, PA 19104

RSVP
